File online via our Internet site at www.myflorida.com/dor

File electronically . . . it's easy!

All dealers are encouraged to file using an electronic method. Filing communications services tax returns electronically ensures quick, efficient, and accurate processing. E-Services are easier, faster, and more cost effective than shuffling old-fashioned paper. The Department has taken steps to ensure that the data you report electronically is just as secure as the data you report on paper. The Internet site is protected by a secure socket layer (SSL) as well as encryption and user ID (password).

Internet filing: The DOR Internet site will guide dealers easily through the filing process. Dealers should visit **www.myflorida.com/dor** or call the Department's e-Services Unit at 1-800-352-3671 (in Florida only) or 850-487-7972.

Hearing or speech impaired persons may call the TDD line at 1-800-367-8331 or 850-922-1115.

EFT and EDI filing: Some dealers are required to file using this method. If, in the previous state fiscal year (July 1 through June 30), a dealer paid \$50,000 or more in gross receipts tax, sales tax, or communications services tax, that dealer must file the return using electronic data interchange (EDI) and remit funds using electronic funds transfer (EFT), or may both file and remit using the Internet.

Instructions for Completing the Florida Communications Services Tax Return (Form DR-700016)

General Information and Instructions

What is the communications services tax?

The communications services tax is a simplified tax that became effective October 1, 2001, replacing several state and local taxes with a simpler tax structure. Communications services tax is imposed by Chapter 202, Florida Statutes. This tax includes a state portion, a gross receipts portion, and a local portion. The tax is imposed on voice, data, audio, video, or any other information or signal, including cable services that are transmitted by any medium.

The rate for the state portion is 6.8 percent (.068). The rate for the gross receipts portion is 2.37 percent (.0237). The rate for direct-to-home satellite services is 13.17 percent (.1317). Each local taxing jurisdiction (municipality, charter county, or unincorporated county) has a specific tax rate. While the state and gross receipts tax rates stay fairly constant, local rates can and do change frequently. To verify current rates, visit the Department's Internet site at:

www.myflorida.com/dor

Examples of services subject to the tax include:

- · Long distance or toll telephone.
- · Cable television.
- · Direct-to-home satellite.
- Mobile communications.
- Private communications.
- Pager and beeper.
- Telephone charge made by a hotel or motel.
- Facsimiles (fax), when not provided in the course of professional or advertising services.
- Telex, telegram, and teletypewriter.

Examples of services not subject to the tax include:

- Information services (these services may include electronic publishing, web-hosting services, or end user 900-number services).
- Internet access services, electronic mail services, electronic bulletin board services, or similar online computer services.
- Sale or recharge of prepaid calling arrangements.
- Pay telephone charges.

Note: When taxable services and nontaxable services are bundled together and sold as a package for one sale price, the entire charge becomes subject to tax.

Exemptions

Transactions exempt from the tax include:

- · Sales to government agencies.
- Sales to religious and educational organizations that are currently exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code.
- · Sales for resale.
- Sales to holders of direct pay authority.

Exemptions for residential service

Communications services sold to a residential household are exempt from the state portion of the tax. This exemption does **not** apply to the sale of mobile communications service, cable service, or direct-to-home satellite service. Residential service is not exempt from gross receipts tax or local tax.

Who must file a return?

All registered dealers of communications services in the State of Florida must file a *Communications Services Tax Return* (Form DR-700016) with the Department of Revenue.

When is the return due and payable?

Returns and payments are due on the first and late after the 20th day of the month following each collection period.

Penalty for late payments

A 10 percent (.10) penalty is due for each 30-day period, or fraction thereof, that your return or payment is late. The maximum penalty is 50 percent of the total amount due. See chart below.

Days Late	Rate
1-30	10%
31-60	20%
61-90	30%
91-120	40%
over 120	50%

Interest on late payments

Interest is due on late payments and is accrued from the date tax is due until it is paid. A floating rate of interest applies to underpayments and late payments of tax. The rate is updated January 1 and July 1 of each year by using the formula established in section 213.235, F.S.

Electronic filing and payment of taxes

Any taxpayer who paid \$50,000 or more in gross receipts tax, sales tax, or communications services tax between July 1 and June 30 (the state's fiscal year) is required to file and pay taxes electronically. You can enroll via the Department's Internet site at **www.myflorida.com/dor**; click on "e-Services." For more information, call 1-800-352-3671 (in Florida only) or 850-488-6800.

Substitute communications systems operators

Substitute communications systems operators are required to file an annual return each March to report and remit tax on the costs of operating a substitute communications system during the previous calendar year. Substitute communications systems operators should enter the actual costs of operating the system in Columns B and C of Schedule I (where dealers would enter taxable sales in each local jurisdiction), enter the local tax due for each jurisdiction in Column E of Schedule I, and complete the Schedule I Summary (Columns F, G, and H). Any adjustments to a previously filed return should be entered on Schedule IV. Information from the Schedule I Summary and Schedule IV should be carried to Lines 1, 2, 3, and 10 on Page 1 of the return. Lines 5, 8, 9, and 12 should be calculated as instructed. Substitute communications systems operators are not entitled to a collection allowance.

How can I get more information?

- If you have questions about this form or the filing requirements for this tax, or you need additional forms, contact Taxpayer Services, Monday through Friday, 8 a.m. to 7 p.m., ET, at 1-800-352-3671 (in Florida only) or 850-488-6800.
- Hearing or speech impaired persons may call the TDD line at 1-800-367-8331 or 850-922-1115.

Completing the Return

Business partner number - This is a unique identifier assigned by the Department when you register. The business partner number appears on your *Communications Services Tax Certificate of Registration* (DR-700014). Please be sure that this number is recorded on the return and all schedules before submitting to the Department.

Rounding rule - All dollar amounts should be rounded up to the nearest hundredth (.01).

Proper collection of tax – "Tax due" is not a straight percentage calculation using the "Taxable sales" columns of Schedule I. The tax rates are pre-printed on the schedule as a convenience, but the amount of tax entered in the "tax due" columns should **always be the actual amount of tax collected.**

- **Supporting schedules** All supporting schedules are required to process the return. Failure to submit supporting schedules will delay the processing of the return and/or any refund that may be associated with the return.
- Signature The return must be signed by a person who is authorized to sign on behalf of the dealer. Failure to include an authorized signature on Page 1 of the return will delay the processing of the return and/or any refund that may be associated with the return.
- **Adjustments** Adjustments or credits on transactions that occurred prior to October 1, 2001, may be claimed by filing an *Application for Refund* (Form DR-26) or by completing Schedule IV.

Complete a separate Schedule III for each applied period that you are adjusting. Make photocopies of Schedule III as needed. Use Schedule V to claim multistate credits. Send all completed schedules with the tax return.

- Column A Change in reported taxable sales. Enter the net change in taxable sales. This is the total of the taxable sales which are either being added to or deleted from transactions previously reported. Report negative amounts in parentheses (amount).
- Note on eligible bad debts: Direct-to-home satellite service providers may take credits on Schedule III for unpaid balances or worthless accounts. The credit amount should be reported as a reduction in taxable sales in Column A. The credit must be taken within 12 months after the last day of the calendar year for which the bad debt was charged off on the federal return. Subsequent to processing a return, the Department may require documentation to support bad debts adjustments.
- **Column B Rate.** Enter the appropriate rate for the applied period that you are adjusting.

- Column C Collection allowance adjustment. Collection allowance adjustments are required for all transactions that result in a decrease in taxable sales. If Column A (Change in reported taxable sales) is a decrease (negative number), multiply .0075 by the amount of tax collected and/or accrued on the amount in Column A. The result should be entered as a positive number in Column C. If a collection allowance was not taken on the original return or the adjustment results in an increase in taxable sales, this section does not apply. Enter 0 (zero) in Column C.
- Column D Adjustment amount. Subtract Column C from the amount of tax collected and/or accrued for sales transactions reported in Column A. Enter the result here. Report negative amounts in parentheses (amount).

Schedule IV Adjustments

Who must complete this schedule?

All dealers of communications services (except direct-to-home satellite service providers) must report adjustments to previous filing periods on Schedule IV. This schedule must be used to correct state or local tax situsing errors (revenue reported in the wrong jurisdiction) and to adjust amounts reported incorrectly on previous returns. Complete a separate Schedule IV for each applied period that you are adjusting. Make photocopies of Schedule IV as needed. Use Schedule V to claim multistate tax credits.

Column A - Local jurisdiction. Enter the names of the jurisdiction(s) for which you have adjustments. Attach additional sheets as needed.

State Tax Calculation

Column B - Change in reported taxable sales. Enter the net change in taxable sales on the line corresponding to the appropriate local jurisdiction(s). The net change in taxable sales may include a reduction for eligible bad debts. Report negative amounts in parentheses (amount).

- Note on eligible bad debts: Dealers of communications services may take credits on Schedule IV for unpaid balances or worthless accounts. The credit amount should be reported as a reduction in taxable sales in Column B. The credit must be taken within 12 months after the last day of the calendar year for which the bad debt was charged off on the federal return. Subsequent to processing a return, the Department may require documentation to support bad debts adjustments.
- **Column C Rate.** Enter the appropriate rate for the applied period that you are adjusting.
- Column D Collection allowance adjustment. Collection allowance adjustments are required for all transfers of tax between jurisdictions and any transactions that result in a decrease in taxable sales for a prior applied period. Use the following calculation and rules to determine the correct collection allowance credit or the correct amount of the previous credit that must be recouped.
- **Note:** If the original filing was not eligible for a collection allowance or if this schedule is being used to report only an **increase** in taxable sales for a prior applied period, this section does not apply. Enter 0 (zero) in Column D.
- Note: When a jurisdictional transfer results in a transfer to a jurisdiction with the same or higher tax rate, the collection allowance adjustment must be capped at the amount claimed on the original return. A dealer using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with section 202.22, F.S., will be held harmless for penalty and interest that would have accrued otherwise as a result of the additional tax due on the transfer (i.e., no additional collection allowance will be granted on additional tax due as a result of the transfer). A dealer who does not use a database as specified in the previous sentence is not entitled to a collection allowance on the additional tax due. The additional tax due from the transfer to the jurisdiction with the higher tax rate will be due, along with penalty and interest.
 - If Column B (Change in reported taxable sales) is a **decrease** (negative number), the collection allowance must be recouped by one of the following methods. The result should be entered as a positive number in Column D.
- If the dealer is using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0075 by the tax collected and/or accrued for sales being decreased in Column B.
- If the dealer is not using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0025 by the tax collected and/or accrued for sales being decreased in Column B.
- Column E Adjustment amount. Subtract Column D from the tax collected and/or accrued for the sales reported in Column B, and enter the result here.

Local Tax Calculation

- Column F Change in reported taxable sales. Enter the net change in taxable sales for the appropriate jurisdiction(s). The net change in taxable sales may include a reduction for eligible bad debts. Report negative amounts in parentheses (amount).
- **Column G Rate.** Enter the appropriate local rate for the applied period that you are adjusting.
- Column H Collection allowance adjustment. Collection allowance adjustments are required for all transfers of tax between jurisdictions and any transactions that result in a decrease in taxable sales for a prior applied period. Use the following calculation and rules to determine the correct collection allowance credit or the correct amount of the previous credit that must be recouped.
- **Note:** If the original filing was not eligible for a collection allowance or if this schedule is being used to report only an **increase** in taxable sales for a prior applied period, this section does not apply. Enter 0 (zero) in Column H.
- Note: When a jurisdictional transfer results in a transfer to a jurisdiction with the same or higher tax rate, the collection allowance adjustment must be capped at the amount claimed on the original return. A dealer using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with section 202.22, F.S., will be held harmless for tax, penalty, and interest that would have accrued otherwise as a result of the additional tax due on the transfer (i.e., no additional collection allowance will be granted on additional tax due as a result of the transfer). A dealer who does not use a database as specified in the previous sentence is not entitled to a collection allowance on the additional tax due. The additional tax due from the transfer to the jurisdiction with the higher tax rate will be due, along with penalty and interest.
 - If Column F (Change in reported taxable sales) is a **decrease** (negative number), the collection allowance must be recouped by one of the following methods. The result should be entered as a positive number in Column H.
- If the dealer is using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0075 by the tax collected and/or accrued for sales being decreased in Column F.
- If the dealer is not using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0025 by the tax collected and/or accrued for sales being decreased in Column F.
- Column I Adjustment amount. Subtract Column H from the tax collected and/or accrued for the sales reported in Column F, and enter the result here. Report negative amounts in parentheses (amount).

Penalty and Interest Calculation

Penalty and interest are due on all adjustments which result in additional tax due, except corrections of state or local tax situsing errors (revenue reported in the wrong jurisdiction).

- **Column J Penalty.** See "Penalty for late payments" on Page 19 for information on calculating the penalty due.
- **Column K Interest.** See "Interest on late payments" on Page 19 for information on calculating the interest due.

Gross Receipts Calculation

- Column L Change in reported taxable sales. Enter the net change in taxable sales. The net change in taxable sales may include a reduction for eligible bad debts. Report negative amounts in parentheses (amount).
- **Column M Rate.** Enter the appropriate gross receipts rate.
- Column N Collection allowance adjustment. Collection allowance adjustments are required for all transactions that result in a decrease in taxable sales. If the change in taxable sales is an increase, no collection allowance adjustment is allowed. Note: If a collection allowance was not taken on the original return, this section does not apply. Enter 0 (zero) in Column N.

If Column F (Change in reported taxable sales), is a **decrease** (negative number), the collection allowance must be recouped by multiplying the tax collected and/or accrued for sales being decreased in Column F by .0075 in the case of a dealer using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S.; or .0025 in the case of a provider not using a database as specified here. This amount should be entered as a positive number in Column N.

- **Column O Adjustment amount.** Subtract Column N from the tax accrued on the transactions reported in Column L and enter the result here. Report negative amounts in parentheses (amount).
- **Column P Penalty.** See "Penalty for late payments" on Page 19 for information on calculating the penalty due.
- **Column Q Interest.** See "Interest on late payments" on Page 19 for information on calculating the interest due.
- **Column R Net tax adjustments.** Add the totals of Columns E, I, and O and enter the result here. Report negative amounts in parentheses *(amount)*.
- **Column S Penalty.** Add the totals of Columns J and P and enter the result here.
- **Column T Interest.** Add the totals of Columns K and Q and enter the result here.

Column U - Total adjustments. Add Columns R, S, and T and enter the result in Column U and on Page 1, Line 10 of the return. Report negative amounts in parentheses (amount).

Schedule V Multistate Credits
