## General Instructions

### Part One

#### Taxpayers Required to File Form DR-908

Under Chapter 624, Florida Statutes (F.S.), every authorized domestic, foreign, and alien insurer engaged as indemnitor, surety, or contractor in the business of entering into contracts of insurance or annuity in Florida shall annually remit a tax on insurance premiums, premiums for title insurance, or assessments, including membership fees and policy fees and gross deposits received from subscribers to reciprocal or interinsurance agreements, and on annuity premiums or considerations issued in the State of Florida. Additionally, every authorized domestic, foreign, and alien insurer shall report its gross underwriting profit on wet marine and transportation insurance, as defined in section (s.) 624.607(2), F.S., written in the State of Florida during the preceding calendar year. In addition to the premium/underwriting profit taxes imposed under Chapter 624, F.S., an excise tax is levied by each municipality or special fire control district described and classified in ss. 175.041 and 185.03, F.S., on every authorized insurer engaged in the business of property insurance and casualty insurance, respectively, in the State of Florida. Every domestic, foreign, and alien insurer authorized to engage in the business of fire insurance in the State of Florida shall be subject to a regulatory assessment on policies of fire insurance issued and insuring property in the State of Florida.

The premium/underwriting profit taxes, excise taxes, and regulatory assessment must be reported and filed on Form DR-908. **Form DR-908 should NOT be filed for each Florida location of an insurer unless the location has its own Federal Employer Identification Number (FEIN).** If you need additional assistance in completing Form DR-908, please call 800-352-3671.

A return will be considered timely filed if it is postmarked by the U.S. Postal Service on or before the applicable due date. If the due date falls on a Saturday, Sunday, or state or federal holiday, the return will be considered timely filed if it is postmarked the next business day.

#### Taxable Year

The taxable year for the *Insurance Premium Taxes and Fees Return* (Form DR-908) is based on a calendar year ending December 31.

#### Payment of Tax

The balance of tax shown to be due on the return must be paid in full with the return. Failure to pay the tax on time will subject the taxpayer to assessment of penalties and interest.

#### Electronic Filing

You are able to file and pay insurance premium tax electronically using the Department's secure website. Online electronic filing offers the uploading of Schedule XII, Firefighters' Pension Trust Fund, and Schedule XIII, Municipal Police Officers' Retirement Trust Fund, automatic calculations, and automatic entry for data appearing in more than one schedule. If you paid **\$20,000 or more** in tax during the State of Florida's prior fiscal year (July 1 – June 30), you are required to file and pay electronically. Insurers are encouraged to file electronically and take advantage of the opportunity to save resources. Insurers can obtain a waiver by calling 800-352-3671. Please visit our website at <https://taxapps.floridarevenue.com/EEenrollment/> for more information.

**Important:** Please verify that the Federal Employer Identification Number (FEIN) is correct on your tax return and that it exactly matches the FEIN under which your funds are electronically transmitted. If you are transmitting funds for more than one account, ensure accurate credit by making separate transmissions for **each** account.

#### Attachments and Statements

A copy of the Florida Business Page from the Annual Statement must be attached to Form DR-908 when it is filed. If you are claiming the salary tax credit, you must also submit copies of the Department of Revenue Form RT-6 for each quarter of credit claimed and a copy of Form RTS-71 if applicable. If you electronically file Forms RT-6 (*Employer's Quarterly Report*) and RTS-71 (*Quarterly Concurrent Employment Report*), you may substitute printouts of your quarterly electronic filings when those printouts include the company name, FEIN, and reemployment tax number of the entity for which the electronic filing was submitted; the name of each employee; and each employee's gross wages, excess wages not subject to tax, and net taxable wages. If Form RTS-71 is electronically filed for concurrent employees, a breakout by company should be included. Department of Financial Services' *Carrier and Self Insurance Fund Quarterly Premium Reports* must be attached if you wrote workers' compensation insurance. (Forms RT-6 and RTS-71 are incorporated by reference in Department of Economic Opportunity Rule 73B-10.037, Florida Administrative Code [F.A.C.] )

Several credits, in addition to the salary tax credit and workers' compensation administrative assessment credit, require certifications and/or other documents to be attached to Form DR-908 in order to claim that particular credit (see Part Two, "Specific Instructions").

For any insurer required to compute retaliatory tax, a copy of the state of incorporation's *Insurance Premium Tax Return*, *Corporate Income Tax Return*, and any other applicable returns or schedules calculated using Florida premium volume, personnel, and property should be attached.

### Signature and Verification

All returns must bear the original signature of an authorized officer or fiduciary. **Faxed copies, rubber stamps, or photocopies of signatures are not considered original signatures.**

Any person, firm, or corporation who prepares a return for compensation must also sign the return and provide:

- Federal employer identification number (FEIN), if applicable, **and**
- Preparer tax identification number (PTIN).

### Account Changes

If you change your business name, location or mailing address, or close or sell your business, immediately notify the Department. The quickest way to notify us is online. Go to [www.floridarevenue.com](http://www.floridarevenue.com), select "Information for Businesses and Employers," then select "Change address or account status."

### To Amend a Return

Amended returns must include all schedules and attachments, even those not affected by the amendment. Be sure to check the "Amended Return" box on Form DR-908 and list the reason(s) for amending the return. **All amended returns must bear an original signature as described above.**

### Declaration of Estimated Tax

Taxpayers are required to make quarterly installment payments (Form DR-907) based on prior year tax due or current taxes due. You are able to file and pay insurance premium tax quarterly installments electronically using the Department's secure website.

### When is the installment payment due and payable?

Installments of tax are due and payable on April 15, June 15, and October 15 of each year. A final payment of tax due for the year must be made at the time the taxpayer files the return (Form DR-908) for the year.

An installment will be considered timely filed if it is postmarked by the U.S. Postal Service on or before the applicable due date. If the due date falls on a Saturday, Sunday, or state or federal holiday, the installment will be considered timely filed if it is postmarked the next business day.

### What are the installment payments based on?

Installments are based on the estimated gross amount of receipts of insurance premiums or assessments received during the immediately preceding calendar quarter. The second quarter installment due June 15 (not July 15) requires the estimate to be through June 30. **All of the taxes reported on Form DR-908 are subject to installment payment requirements, not just the insurance premium tax reported on Schedule I of Form DR-908.** Because of the complexities of computing the standard 90 percent (.90) installment payment for all of the taxes reported on Form DR-908, most insurers use the safe harbor of paying 27 percent (.27) of the tax due in the preceding year for each installment payment. If each installment is 27 percent (.27) of the amount of the annual tax reported on the preceding year's Form DR-908 (Line 11 minus Line 9 and Line 10), there will be no installment penalty. The installment amounts that must be paid to meet the prior year exception are decreased by the amount of the scholarship funding credit earned with contributions made during the current year.

### Where to Mail Your Form DR-907 and Payment:

Mail your completed Form DR-907 and payment to:  
Florida Department of Revenue  
5050 W Tennessee Street  
Tallahassee FL 32399-0150

### Penalty

Any taxpayer who fails to report and timely pay any installment of tax, who estimates any installment of tax to be less than 90 percent (.90) of the amount finally shown to be due in any quarter, and/or who fails to report and timely pay any tax due with the final return is subject to a penalty of 10 percent (.10) on any underpayment of taxes or delinquent taxes due and payable for that quarter and/or on any delinquent taxes due and payable with the final return.

### Interest

Interest accrues when a taxpayer fails to pay any amount due or any portion thereof, on or before the due date. A floating rate of interest applies to underpayments and late payments of tax. The rate is updated January 1 and July 1 of each year by using the formula established in s. 213.235, F.S. For current and prior year interest rates, visit our website or contact Taxpayer Services (see "Contact Us").

Under s. 624.509(5), F.S., a credit is allowed against the net tax imposed under s. 624.509, F.S., equal to 15 percent (.15) of the amount paid by an insurer in salaries to employees within the State of Florida, and who are covered by the provisions of Chapter 443, F.S., by the insurer filing this return.

The term "salaries" does not include amounts paid as commissions. The term "employees" does not include independent contractors or any person whose duties require that the person hold a valid license under the Florida Insurance Code, except "adjusters," "managing general agents," and "service representatives," as defined in s. 626.015, F.S.

When claiming a salary tax credit, there are certain requirements the insurer must meet to qualify for the credit. These requirements are:

- The employees claimed are not excluded under s. 624.509(5), F.S.
- The wages used in the credit calculation must be wages paid to the insurer's employees by the insurer claiming the credit.
- Those employees must be located or based in Florida.
- The insurer claiming the credit is the employer, and the employees are covered by the unemployment

compensation provisions contained in Chapter 443, F.S.

An affiliated group of corporations that created a service company within its affiliated group on **July 30, 2002** may allocate the salary of the service company employees under certain circumstances. See s. 624.509(5)(b)4., F.S.

Net tax is defined as the tax imposed after deductions from the total premium tax due for the Firefighters' Pension Trust Fund Credit, the Municipal Police Officers' Retirement Trust Fund Credit, and the total corporate tax paid.

An insurer that made an irrevocable election **on or before August 1, 2005**, for the alternative salary credit calculation under s. 624.509(5)(a)2., F.S., may allocate the eligible salaries of the affiliated group to the members of the affiliated group that are covered by the election. The amount of salary credit allowed under this exception is limited to the combined Florida salary tax credits allowed for all insurance companies that were members of the affiliated group of corporations for the tax year ending December 31, 2002, divided by the combined Florida taxable premiums written by all insurance companies that were members of the affiliated group of corporations for the tax year ending December 31, 2002, multiplied by the combined Florida taxable premiums of the affiliated group of corporations for the current year. **Insurers who are covered by an election under s. 624.509(5)(a)2., F.S., must include a calculation of the current year Salary Credit Cap for the Affiliated Group (Total Florida Taxable Premiums for the Tax Year times Affiliated Group 2002 Factor), an allocation of the affiliated group's eligible salaries to the individual entities in the affiliated group, and the amount of salary credit that is being claimed by each individual entity covered under the election.** The sum of the salary credits taken by all members of the affiliated group must not exceed the yearly salary credit cap. A reduction in salary credit for one or more of the entities in the affiliated group may be required should the total salary credits claimed by all members exceed the allowed cap. The reduced credit amount should be placed on Line 12 of Schedule V.

The exception to the standard salary tax credit requirements for mutual insurance holding companies that were in existence on or before January 1, 2000, in s. 624.509(5)(b)5., F.S., is NOT VALID because the associated funding provision in s. 28 of House Bill 1813 was vetoed by Governor Bush on June 20, 2005. (See ss. 26 and 28 of Chapter 2005-280, Laws of Florida [L.O.F.] and Governor Bush's veto letter of SB 1813, s. 28 dated June 20, 2005.) No other funding has been provided at this time.

**Insurers claiming this credit must attach a copy of their quarterly Form RT-6 to their annual premium tax return, Form DR-908. Form RTS-71 must also be attached with the corresponding RT-6 forms, when a portion of concurrent employees' wages are claimed as eligible salaries. If you electronically file Forms RT-6 and RTS-71, you may substitute printouts of your quarterly electronic filings when those printouts include the company name, FEIN, and reemployment tax number of the entity for which the electronic filing was submitted; the name of each employee; and each employee's gross wages, excess wages not subject to tax, and net taxable wages. If Form RTS-71 is electronically filed for concurrent employees, a breakout by company should be included. If an insurer is claiming a salary tax credit, Form DR-908 is considered**

**incomplete without this documentation.**

**Line 1. Total Premium Tax Due**

Enter the total from Schedule I, Line 12.

**Lines 2 and 3. Firefighters' and Municipal Police Officers' Retirement Fund Credits**

Enter the total taxes computed from Schedules XII-B and XIII-B, respectively, onto Lines 2 and 3 respectively.

**Line 4. Corporate Income Tax Paid**

Enter the total amount paid from Florida Form F-1120, Line 13 for corporate income tax reported on the return due during calendar year 2016. The credit granted for corporate income tax is available for the annual period in which such tax payments are made. Payments of estimated income tax under Chapter 220, F.S., shall be deemed paid either at the time the insurer actually files its annual returns under Chapter 220, F.S., or at the time such returns are required to be filed, whichever occurs first.

If a consolidated corporate income tax return is filed, enter the insurance company's pro rata share of the consolidated income tax paid. Each company in the affiliated group with positive income is allocated a share of the income tax paid. An insurance company with positive income is allocated part of the consolidated income tax paid based on its positive Florida income after additions and subtractions (before apportionment) over the total income of all companies within the affiliated group with positive Florida income after additions and subtractions (before apportionment). This ratio is used to allocate the consolidated income tax paid by the affiliated group to the members of the group with positive income.

For example, Company A (\$100,000 positive income after Florida additions and subtractions and before apportionment), Company B (\$100,000 positive income after Florida additions and subtractions and before apportionment), and Company C (\$50,000 loss after Florida additions and subtractions and before apportionment) filed a Florida consolidated corporate income tax return and paid \$5,000 in tax. Company C is not allocated any of the consolidated corporate income tax paid because it did not have any positive income. Company A is allocated \$2,500 ( $\$100,000 / \$200,000 \times \$5,000$ ). Company B is allocated \$2,500 ( $\$100,000 / \$200,000 \times \$5,000$ ).

However, the credit may not exceed the tax due under s. 624.509(1), F.S., after deducting from such tax:

1. deductions for assessments made pursuant to s. 440.51, F.S. (workers compensation administrative assessments),
2. credits for taxes paid under ss. 175.101 and 185.08, F.S. (firefighters' and police officers' pension trust funds), and

In addition, each insurer authorized to transact insurance business in Florida must remit a .1 percent (.001) surcharge on all gross direct fire, allied lines, and multiple peril insurance premiums written on commercial property located within Florida. (s. 624.515, F.S.)

**Total Premiums**

2. Plus additional taxable premiums (some examples of additional taxable premiums are finance and service charges, and managing agent fees);

For Crop on Line 6, combine the premiums for multiple peril crop and private crop.

**Schedules XII and XIII**

**Firefighters' and Municipal Police Officers' Retirement Trust Funds**

---

**Use the physical location of the property when allocating premiums to the appropriate fire control district or municipality. Do not use ZIP codes** as a means of identifying the location of the risk, as they do not provide a sufficient level of detail to identify the appropriate city or district and may result in an inaccurate allocation of premiums.

**In addition to completing Schedules XII and XIII, you must answer Question B on Form DR-908, Page 2.**

Sections 175.101 and 185.08, F.S., provide for each municipality and/or fire district having a lawfully established firefighters' pension trust fund and/or a lawfully established municipal police officers' retirement trust fund, respectively, to assess against an insurer engaged in the business of property insurance and/or casualty insurance, respectively, an excise tax on all premiums collected on property within the corporate limits of any such municipality or within the boundaries of any special fire control district.

Regarding the Firefighters' Pension Trust Fund, premiums are to be reported on the gross amount of receipts of premiums from policy holders on all premiums collected on property insurance as defined in s. 624.604, F.S., and includes the following lines: fire, allied lines, flood, earthquake, aircraft, and aggregate write-ins for other lines of business meeting the definition of property insurance.

Regarding the Municipal Police Officers' Retirement Trust Fund, premiums are to be reported on the gross amount of receipts of premiums from policy holders on all premiums collected on casualty insurance as defined in s. 185.02(2), F.S., and includes the following lines: private passenger auto no-fault (personal injury protection), other private passenger auto liability, commercial auto no-fault (personal injury protection), other commercial auto liability, private passenger auto physical damage, commercial auto physical damage, fidelity, burglary and theft.

Additionally, in the case of multiple peril policies which include both property and casualty coverage for a single premium, 70 percent (.70) of such premium shall be used as the basis for the Firefighters' Pension Trust Fund assessment reported on Schedule XII and 30 percent (.30) of such premium shall be used as the basis for the Municipal Police Officers' Retirement Trust Fund reported on Schedule XIII. Such multi-peril insurance includes the following lines: farm owners' multiple peril, homeowners' multiple peril, and commercial multiple peril.

For Schedules XII and XIII, report all premiums received under property insurance policies and/or casualty insurance policies, respectively, covering or insuring property

located within the corporate limits of the municipalities and/or fire control districts listed for the calendar year ended December 31, 2016. This must include any business being written in a pool or association arrangement. Multiply the total premiums by the applicable rate of 1.85 percent (.0185) for property policies reported on Schedule XII-B, and by .85 percent (.0085) for casualty policies reported on Schedule XIII-B. Enter the total tax for each excise tax on Line 3 of Schedules XII-B and XIII-B respectively, and on Page 1, Lines 6 and 7 respectively.

If a significant variance exists between the figures reported on your prior year return, a written explanation will be required. A significant variance is considered an increase or decrease of greater than 10 percent (.10) for any municipality or fire control district. Please review the figures on Schedules XII and XIII of your 2016 return and the information you reported last year. **If a significant variance exists, you must attach a detailed explanation clarifying the variance between your 2015 and 2016 returns.**

The Department of Revenue created a database that insurers may use in assigning their premiums and policies to the various participating local taxing jurisdictions. This database is available for free at

**<https://pointmatch.floridarevenue.com/Default.aspx>.**

This database was created pursuant to ss. 175.1015 and 185.085, F.S. These statutes provide that insurers who exercise due diligence in using the Department's database to assign their premiums to the participating local taxing jurisdictions shall be held harmless from any liability, including but not limited to, liability for taxes, interest, or penalties that would otherwise be due as a result of an assignment of premiums to an incorrect local taxing jurisdiction. Insurance companies that do not use the electronic database provided by the Department of Revenue and do not exercise due diligence in applying the electronic database, are subject to a .5 percent (.005) penalty on the total premium per policy that is improperly assigned.

The Department of Revenue; the Department of Financial Services, Office of Insurance Regulation; and the Department of Management Services, Division of Retirement, Municipal Police Officers' and Firefighters' Retirement Trust Funds Office, administer the Chapter 175 and 185, F.S., taxes.

- \* The Department of Financial Services, Office of Insurance Regulation has authority to impose the .5 percent (.005) penalty relating to the address database and insured risks not properly assigned to participating local taxing jurisdictions.
- \* The Department of Management Services, Division of Retirement, Municipal Police Officers' and Firefighters' Retirement Trust Funds Office administers the retirement trust funds, distributes monies to the local taxing jurisdictions, and notifies the Office of Insurance Regulation when insurers fail to comply.
- \* The Department of Revenue creates and maintains the database and collects the Chapter 175 and 185, F.S., taxes on its forms. When processing the Insurance Premium Tax returns, the Department of Revenue often contacts insurers about variances between the current year and prior year amount of premium reported for the various local taxing jurisdictions, to help ensure that the proper amounts are reported by the insurer to the proper local taxing jurisdictions.

Sections 175.151 and 185.13, F.S., provide that an insurer's certificate of authority may be canceled or revoked if an insurer fails to comply with the provisions of Chapters 175 and 185, F.S.

**Schedule XIV**  
**Retaliatory Tax Computation**

---

Per s. 624.5091(1), F.S., when by or pursuant to the laws of any other state or foreign country any taxes, licenses, and other fees, in the aggregate, and any fines, penalties, deposit requirements, or other material obligations, prohibitions, or restrictions are or would be imposed upon Florida insurers or upon the agents or representatives of such insurers, which are in excess of such taxes, licenses, and other fees, in the aggregate, or which are in excess of the fines, penalties, deposit requirements, or other obligations, prohibitions, or restrictions directly imposed upon similar insurers, or upon the agents or representatives of such insurers, of such other state or country under the statutes of this state, so long as such laws of such other state or country continue in force or are so applied, the same taxes, licenses, and other fees, in the aggregate, or fines, penalties, deposit requirements, or other material obligations, prohibitions, or restrictions of whatever kind shall be imposed by the Department of Revenue upon the insurers, or upon the agents or representatives of such insurers, of such other state or country doing business or seeking to do business in this state.

For any insurer required to compute retaliatory tax, **a copy of the state of incorporation's Insurance Premium Tax Return, Corporate Income Tax Return, and any other applicable returns or schedules calculated using Florida premium volume, personnel, and property should be attached.**

The calculations should be based on the state of incorporation's tax laws, licenses, and fees using the level of premiums written in Florida by the alien or foreign insurer and their Florida personnel and property. Subsection 624.5091(3), F.S., provides that the retaliatory provisions do not apply as to personal income taxes, nor as to sales or use taxes, nor as to reimbursement premiums paid to the Florida Hurricane Catastrophe Fund, nor as to emergency assessments paid to the Florida Hurricane Catastrophe Fund, nor as to ad valorem taxes on real or personal property, nor as to special purpose obligations or assessments imposed in connection with particular kinds of insurance other than property insurance. Therefore, no calculations should be included for Workers' Compensation Assessments, the Florida Comprehensive Health Association Assessment, or any other special purpose obligations or assessments in connection with particular kinds of insurance other than property insurance. If the state of incorporation allows, for example, a credit or tax rate reduction or abatement based on personnel or property, the foreign or alien insurer's Florida personnel or property must be used to calculate the credit or rate reduction or abatement.

**Note:** New York insurers must amend Form DR-908 if the computation of the CT33/CT33M changes from the amount estimated when the original Form DR-908 was filed.

**Line 1. Net Premium Tax Due**

The net premium tax due is used as a starting point for retaliatory calculations (gross premium tax due less credits).

Add the net premium tax due from Page 1, Line 3 to the wet marine and transportation tax from Page 1, Line 5. Enter the result in Column A. For Column B, calculate what the net premium tax due would be if the volume of Florida premiums were written in the state of incorporation and the insurer's Florida personnel and property were in the state of incorporation.

**Line 2. 80 Percent of Salary Tax Credit Taken**

Per s. 624.5091(1), F.S., 80 percent (.80) of the credit provided by s. 624.509(5), F.S., (salary credit subject to the limitations) shall not be taken into consideration. Calculate 80 percent (.80) of the Salary Tax Credit (Page 3, Schedule III, Line 5) and enter the result in Column A. If a salary credit is given against the premium tax in the state of incorporation, enter 80 percent (.80) of that salary credit in Column B based on Florida premium volume and Florida personnel and property.

**Line 3. Total Corporate Income Tax**

Enter the total corporate income tax paid (Florida Form F-1120, Line 13) in Column A. For corporations filing on a consolidated basis, each individual corporation's share of the consolidated income tax paid must be computed. **A schedule of how the consolidated income tax paid is allocated among the consolidated filers should be attached to the return.** If a corporate income tax is imposed on insurers writing premiums in the state of incorporation, calculate the amount of corporate income tax based on the laws of that state and using the level of premiums written in Florida, and enter the amount computed in Column B.

**Note:** When calculating corporate income tax for the state of incorporation, use the income, apportionment factor, and other facts that existed for the taxable year whose return would have been filed in the calendar year 2016 calculated by using your Florida business.

**Line 4. Intentionally Left Blank**

**Line 5. Firefighters' Pension Trust Fund**

Enter the amount from Page 1, Line 6 in Column A. If an excise tax on property insurance is imposed upon insurers writing premiums in the state of incorporation, then recalculate the tax using Florida premium volume and enter the amount computed in Column B.

**Line 6. Municipal Police Officers' Retirement Trust Fund**

Enter the amount from Page 1, Line 7 in Column A. If an excise tax on casualty insurance is imposed upon insurers writing premiums in the state of incorporation, then recalculate the tax using Florida premium volume and enter the amount computed in Column B.

**Line 7. Florida Insurance Guaranty Association (FIGA) (Assessments on the Property Portion of Insurance Premiums only)**

Only the property portion of the FIGA assessments may be added to the retaliatory schedule per s. 624.5091, F.S., and Rule 12B-8.016(3), F.A.C. Enter the calculated property portion of FIGA assessments allowed using the method described below. Provide your computation schedule and copies of FIGA certificates. Property insurance as defined in s. 624.604, F.S., includes the following lines: fire, flood, earthquake, aircraft, industrial fire, industrial extended coverage, mobile home physical damage, and aggregate write-ins for other lines of business meeting the definition of property insurance.

**Calculation:** Determine the property portion of each type of premium subject to the FIGA assessment, and total the results. Next, divide the total property portion by the total premiums (property and casualty) subject to the FIGA assessment. Take the resulting ratio (carried to six decimal places) times the FIGA assessment paid. Perform this computation for each FIGA assessment paid and add the results for the total allowable FIGA assessment to be included on Line 7, Column A.

**The Formula to Calculate the Property Portions of the FIGA Assessment is:**

$$A \div B \times C$$

A= Property Insurance Premiums Subject to FIGA Assessment  
B= Total Insurance Premiums Subject to FIGA Assessment  
C= FIGA Assessment levied by Florida Insurance Guaranty Association

Multiply by \$2 to determine the total amount due for residential policies for the calendar year.

Add Lines A and B to determine the total surcharge due. Add this amount to the total payment due from Schedule XVII and enter the result on Page 1, Line 10.

**Schedule XVII**

**Payment Due from Florida Life and Health Insurance Guaranty Association (FLAHIGA) Refund**

Subsection 631.72(3), F.S., provides that any sums acquired by refund pursuant to s. 631.718(6), F.S., from the association (FLAHIGA) which have until now been written off by contributing insurers and offset against insurance premium or corporate income taxes as provided in subsection (1) and which are not needed for purposes of this part shall be paid by the insurer to the Department of Revenue for deposit with the Chief Financial Officer to the credit of the General Revenue Fund.

When FLAHIGA refunds money to an insurer from a previous assessment that was paid by the insurer, and the insurer had claimed credit or partial credit against its insurance premium tax or corporate income tax for that previous payment to FLAHIGA, the insurer is required to pay part of that refund to the Department of Revenue.

**Line 1. Total Payment Due from FLAHIGA Refund**

Enter any payment due as a result of FLAHIGA assessments claimed as credits against Florida insurance premium tax (Form DR-908, Schedule VII) or Florida corporate income tax (Florida Form F-1120, Schedule V) subsequently refunded by FLAHIGA in calendar year 2016. **If no refund was received from FLAHIGA during the tax year, the amount on Schedule XVII, Line 1, should be zero.** Add this amount to the total surcharge from Schedule XVI and enter the result on Page 1, Line 10.

**Example .001 Rate**

ABC Insurance Company paid a \$200,000 Class B FLAHIGA assessment in 1995. On its 1997 – 2004 insurance premium tax returns, ABC claimed FLAHIGA credits of \$200 (\$200,000 X .001) each year for its 1995 payment to FLAHIGA. The total FLAHIGA credit taken by ABC, based on the 1995 FLAHIGA assessment, was \$1,600 (\$200 for 8 years). In 2005 FLAHIGA issued ABC a refund of \$40,000 from the 1995 assessment. Per s. 631.72(3) F.S., a \$320 payment is due the Department of Revenue in 2005 from that refund (\$40,000 X .001 X 8 years). The \$320 that is due to the Department of Revenue in 2005 is a repayment of the FLAHIGA credits that the insurer had already claimed in tax years 1997 through 2004 against its insurance premium tax or corporate income tax for the \$40,000 that was refunded by FLAHIGA. For tax years 2005 and thereafter, ABC should only use a payment of \$160,000 to FLAHIGA for its 1995 assessment when computing its FLAHIGA credit.

**Example .05 Rate**

ABC Insurance Company paid a \$300,000 Class B FLAHIGA assessment in 1998. On its 1999 – 2004 insurance premium tax returns, ABC claimed FLAHIGA credits of \$15,000 (\$300,000 X .05) each year for its 1998 payment to FLAHIGA. The total FLAHIGA credit taken by ABC, based on the 1998 FLAHIGA assessment, was \$90,000 (\$15,000 for 6 years). In 2005, FLAHIGA issued ABC a refund of \$30,000 from the 1998 assessment. Per s. 631.72(3), F.S., a \$9,000 payment is due to the Department of Revenue in 2005 from that refund (\$30,000 X .05 X 6 years). The \$9,000 that is due to the Department of Revenue in 2005 is a repayment of the FLAHIGA credits that the insurer had already claimed in tax years 1999 through 2004 against its insurance premium tax or corporate income tax for the \$30,000 that was refunded by FLAHIGA. For tax years 2005 and thereafter, ABC should only use a payment of \$270,000 to FLAHIGA for its 1998 assessment when computing its FLAHIGA credit.

From the examples above, the total amount that ABC is required to pay under s. 631.72(3), F.S., to the Department of Revenue in 2005 is:

$$\begin{aligned}
 & \$40,000 \text{ (1995 FLAHIGA refund)} \times .001 \times 8 \text{ years} = \$320.00 \\
 & \$30,000 \text{ (1998 FLAHIGA refund)} \times .05 \times 6 \text{ years} = \$9,000.00 \\
 & \text{TOTAL DUE} = \underline{\underline{\$9,320.00}}
 \end{aligned}$$

- The amount of payment due from FLAHIGA refunds should be based on the actual FLAHIGA credits taken by the insurer against its insurance premium tax or corporate income tax that were the result of the previous corresponding FLAHIGA assessment(s). If an insurer did not claim a FLAHIGA credit based upon the previous corresponding FLAHIGA assessment(s), no payment is required.
- The amount of the payment due from FLAHIGA refunds is not considered when determining whether the proper installments of tax were paid for the tax year.
- The amount of the payment due from FLAHIGA refunds is not included in the computation of the 27 percent (.27) exception for installment payments in the following tax year.

Like the FLAHIGA assessments, the FLAHIGA refund and the payment due from the FLAHIGA refund may not be included in the retaliatory tax computation.
