# Instructions for Completing the Florida Communications Services Tax Return (Form DR-700016)

DR-700016N  
R. 01/21  
Page 19 of 24

## General Information and Instructions

### Who must file a return?

All registered dealers of communications services must file a *Florida Communications Services Tax Return* (Form DR-700016).

### What is the communications services tax?

Communications services tax is imposed on voice, data, audio, video, or any other information or signal transmitted by any medium. The tax includes:

- a state portion imposed by section (s.) 202.12, Florida Statutes (F.S.);
- a gross receipts portion imposed by s. 203.01, F.S., but collected and administered under Chapter 202, F.S.; and
- a local portion imposed by s. 202.19, F.S.

### Services subject to tax

Examples of services subject to the tax include:

- Local, long distance, and toll telephone
- Voice over Internet Protocol (VoIP) telephone
- Video service (e.g., television programming and streaming)
- Direct-to-home satellite
- Mobile communications
- Private communications
- Pager and beeper
- Telephone charge made at a hotel or motel
- Facsimiles (fax), when not provided in the course of professional or advertising services
- Telex, telegram, and teletypewriter

### Services not subject to tax

Examples of services not subject to the tax include:

- Information services (these services may include electronic publishing, web-hosting services, or end user 900-number services)
- Internet access services, electronic mail services, electronic bulletin board services, or similar online computer services
- Sale or recharge of prepaid calling arrangements
- Pay telephone charges

**Bundled Services:** Generally, when taxable and nontaxable services or goods are bundled together and sold for one sales price, the entire charge is subject to tax. However, any portion of a charge for other services or goods that are not communications services (such as Internet access) are not subject to the tax, if the charge can be reasonably identified in your books and records. Please note that such charges may be subject to sales and use tax pursuant to Chapter 212, F.S. Also, charges for items described in s. 202.11(13)(a), F.S., are always subject to communications services tax.

### Exemptions

Transactions exempt from the tax include:

- Sales for resale.
- Sales to federal government agencies.
- Sales to state, local, and municipal governments.
- Sales to religious and educational organizations, and homes for the aged that are currently exempt from federal income tax under section 501(c)(3) of the Internal Revenue Code.
- Sales to holders of a direct pay permit for communications services.

### Partial exemption for residential service

Communications services sold to a residential household are exempt from the 4.92 percent state portion and the .15 percent gross receipts portion of the tax. Residential service is subject to the 2.37 percent gross receipts tax and local tax. This partial exemption does not apply to the sale of mobile communications service, video service, direct-to-home satellite service, or any residence that constitutes all or part of a transient public lodging establishment as defined in Chapter 509, F.S.

### Tax Rates

The rate for the state portion is 4.92 percent (.0492). The total rate for the gross receipts portion is 2.52 percent (.0252), which is composed of .15 percent (.0015) and 2.37 percent (.0237). The rate for direct-to-home satellite services is 11.44 percent (.1144). Each taxing jurisdiction (municipality, charter county, or unincorporated county) has a specific local tax rate. To verify current local tax rates, visit the Department's website at [floridarevenue.com/taxes/cst](http://floridarevenue.com/taxes/cst).

### When are returns due?

Returns are due on the 1st and late after the 20th day of the month following each reporting period. If the 20th falls on a Saturday, Sunday, or state or federal holiday, your return must be postmarked or hand delivered on the first business day following the 20th.

### When is payment due?

To avoid penalty and interest, you must initiate electronic payments and receive a confirmation number no later than 5:00 p.m. ET on the business day prior to the 20th. Keep the confirmation number in your records. For a list of payment deadlines for initiating electronic payments on time, visit [floridarevenue.com/forms](http://floridarevenue.com/forms), select the eServices section, and then select the current year *Florida eServices Calendar of Electronic Payment Deadlines* (Form DR-659).

Payments mailed to the Department are due on the 1st and late after the 20th day of the month following each reporting period. If the 20th falls on a Saturday, Sunday, or state or federal holiday, your return must be postmarked or hand delivered on the first business day following the 20th.

### Where to send payments and returns

Make check payable to and send with return to:

Florida Department of Revenue  
PO BOX 6520  
TALLAHASSEE FL 32314-6520

You may electronically file and pay using the Department's website at [floridarevenue.com/taxes/filepay](http://floridarevenue.com/taxes/filepay).

### Penalty for late payments

A 10 percent penalty is due for each 30-day period, or fraction thereof, that your return or payment is late. The maximum penalty is 50 percent of the total amount due. See chart on next page.

Late payments include additional tax due as a result of changes in siting of previously reported sales from a local jurisdiction with a lower tax rate to a local jurisdiction with a higher tax rate, if the provider has not used an address database that meets the requirements of s. 202.22, F.S.

Days Late	Rate
1-30	10%
31-60	20%
61-90	30%
91-120	40%
over 120	50%

### Interest on late payments

Interest is due on late payments and is accrued from the date tax is late until it is paid. A floating rate of interest applies to underpayments and late payments of tax. The rate is updated January 1 and July 1 of each year by using the formula established in s. 213.235, F.S. To obtain interest rates:

- Visit the Department's website at [floridarevenue.com/taxes/rates](http://floridarevenue.com/taxes/rates).
- Call Taxpayer Services at 850-488-6800, Monday through Friday, excluding holidays.

**If you change your business name, mailing address, or close or sell your business, immediately notify the Department.** The quickest way to notify us is online at [floridarevenue.com/taxes/updateaccount](http://floridarevenue.com/taxes/updateaccount).

### How can I get more information?

If you have questions about this form or the filing requirements for this tax, call Taxpayer Services at 850-488-6800, Monday through Friday, excluding holidays.

## Completing the Return

**Business partner number** - This is a unique identifier assigned by the Department when you register. The business partner number appears on your *Communications Services Tax Certificate of Registration* (DR-700014). Please be sure that this number is recorded on the return and all schedules before submission.

**Proper collection of tax** - "Tax due" is not a straight percentage calculation using the "Taxable sales" columns of Schedule I. The tax rates are preprinted on the schedule as a convenience, but the amount of tax entered in the "tax due" columns should never be less than the actual amount of tax charged.

**Supporting schedules** - All supporting schedules are required to process the return. Failure to submit supporting schedules will delay the processing of the return and/or any refund that may be associated with the return. Florida law imposes a \$5,000 penalty if you fail to report and identify local communications services tax on the appropriate return schedule. Failure to include Schedule I or the use of an unapproved alternative format for Schedule I (such as a spreadsheet) will result in this penalty.

**Signature** - The return must be signed by a person who is authorized to sign on behalf of the dealer. Failure to include an authorized signature will delay the processing of the return and/or any refund that may be associated with the return.

## Line-by-Line Instructions

Enter all demographic information requested on Page 1 of the return, if the return is not personalized.

**Note:** Complete Schedules I through V, if applicable, before completing Lines 1-12 of the return.

**Line 1 - Tax due on sales subject to 4.92 percent state and .15 percent gross receipts portions of communications services tax.** Enter the amount from Summary of Schedule I, Column F, Line 3 (Page 15).

**Line 2 - Tax due on sales subject to 2.37 percent gross receipts portion of communications services tax.** Enter the amount from Summary of Schedule I, Column G, Line 6 (Page 15).

**Line 3 - Tax due for sales subject to local portion of communications services tax.** Enter the amount from Summary of Schedule I, Column H, Line 7 (Page 15).

**Line 4 - Tax due for direct-to-home satellite services.** Enter total from Schedule II, Column C (Page 16).

**Line 5 - Total communications services tax.** Add Lines 1 through 4 and enter the result.

**Line 6 - Collection allowance.** If the collection allowance rate is not preprinted on the return, check the box for the collection allowance that applies to this filing period. Multiply the collection allowance rate by the amount on Line 5 and enter the result.

### Determining the collection allowance:

- Only timely filed returns with payments are entitled to a collection allowance.
- If you submit a timely filed return and payment and use the Department of Revenue (DOR) database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., to situs customers you may apply a .75 percent (.0075) collection allowance.
- Direct-to-home satellite providers who file a timely return and payment may apply a .75 percent (.0075) collection allowance.
- If you file a timely return and payment and do not use the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., you must apply a .25 percent (.0025) collection allowance.
- Direct pay permit holders do not receive a collection allowance on amounts accrued but not collected from customers.

**Line 7 - Net communications services tax due.** Subtract Line 6 from Line 5 and enter the result.

**Line 8 - Penalty.** A 10 percent penalty is due for each 30-day period, or fraction thereof, that your return or payment is late. The maximum penalty is 50 percent of the amount due. Multiply Line 5 by the applicable penalty percentage and enter the result.

**Line 9 - Interest.** Interest is due on late payments, from the date tax is late until paid. A floating rate of interest applies to underpayments and late payments of tax. The rate is updated January 1 and July 1 of each year by using the formula established in s. 213.235, F.S. See "Interest on late payments" on Page 19 for more information. Multiply Line 5 by the applicable interest rate and enter the result.

**Line 10 - Adjustments.** Enter the Total Adjustments from Schedule III, Column G (Page 16) and/or the Total Adjustments from Schedule IV, Column U (Page 17). Enter negative numbers in parentheses (*amount*).

**Line 11 - Multistate credits.** Enter the Total Credits from Schedule V, Column H (Page 18).

**Line 12 - Amount due with return.** Add lines 7 through 9, add or subtract Line 10, subtract Line 11 and enter the result.

**Signature.** The return must be signed by a person who is authorized to sign on behalf of the provider. **Failure to include an authorized signature on Page 1 of the return will delay the processing of the return and/or any refund that may be associated with the return.**

## Schedule I State, Gross Receipts, and Local Taxes Due

### Who must complete this schedule?

Communications services providers, including cable service providers, direct pay permit holders, and mobile communications providers, must complete this schedule and send it with the tax return. (Direct-to-home satellite service providers should not complete Schedule I, but must complete Schedule II.) Florida law imposes a \$5,000 penalty if you fail to report and identify local communications services tax on the appropriate return schedule. Failure to include Schedule I or the use of an unapproved alternative format for Schedule I (such as a spreadsheet) will result in this penalty.

### Important Notes about Schedule I:

- This Schedule must not contain any negative numbers.
- Eligible bad debt credits may be netted on this Schedule; however, the result must not be less than zero.
- This Schedule must not be used to report other credits or adjustments. Use Schedule IV to report other credits, make adjustments to prior periods, and take credit for tax paid on services that are resold.

**Note on bad debts:** Communications services providers may report credits for bad debts by netting the credit directly against communications services tax due on Schedule I, or may report credits for bad debts on Schedule IV. Providers using Schedule I may use a proportional allocation method based on current gross sales or other reasonable allocation method approved by the Department to determine the amount of bad debt attributable to the state or local jurisdiction. The credit must be taken within 12 months after the last day of the calendar year for which the bad debt was charged off on the federal return. Regardless of the method used to report bad debt credits, providers must keep records to support all credit amounts reported.

### Schedule I, Columns A through E (Pages 3-14)

**Column A - Local jurisdiction.** You must report the amount of taxable sales and tax collected and/or accrued for each county and municipality in which you provide or use communications services.

**Column B - Taxable sales subject to 4.92 percent state tax and .15 percent gross receipts tax.** Enter total sales of all taxable communications services and/or all purchases subject to tax under a direct pay permit.

**Note:** Communications services sold to a residential household are exempt from the 4.92 percent state portion and the .15 percent gross receipts portions of the tax. This exemption does not apply to the sale of mobile communications service, cable service, direct-to-home satellite

service, or any residence that constitutes all or part of a transient public lodging establishment as defined in Chapter 509, F.S. Residential service is subject to the 2.37 percent gross receipts tax and local tax.

**Column C - Taxable sales subject to 2.37 percent gross receipts and local taxes.** Enter total sales of all taxable communications services and/or all purchases subject to tax under a direct pay permit.

**Column D - Local tax rates.** A list of local rates by jurisdiction is preprinted. **Note:** Local rates can change. You may verify current rates at [floridarevenue.com/taxes/cst](http://floridarevenue.com/taxes/cst).

**Column E - Local tax due.** Enter the total local tax collected and/or accrued for taxable transactions reported in Column C, on the line corresponding to the appropriate local jurisdiction.

### Summary of Schedule I, Columns F-H (Page 15)

**Column F - 4.92 percent state tax and .15 percent gross receipts tax.**

**Line 1 - Taxable sales.** Enter the grand total from Schedule I, Column B.

**Line 2 - State tax rate (.0492) and gross receipts tax rate (.0015).** The state tax rate of .0507 is preprinted. This rate is comprised of both the 4.92 percent state portion and the .15 percent gross receipts portion.

**Line 3 - State tax due.** Enter the total 4.92 percent state tax plus the .15 percent gross receipts tax collected and/or accrued for sales reported on Summary of Schedule I, Column F, Line 1. Also enter the amount on Page 1, Line 1.

**Column G - 2.37 percent gross receipts tax.**

**Line 4 - Taxable sales.** Enter the grand total from Schedule I, Column C.

**Line 5 - Gross receipts tax rate.** The gross receipts tax rate of .0237 is preprinted.

**Line 6 - Gross receipts tax due.** Enter the gross receipts tax collected and/or accrued for sales reported on Summary of Schedule I, Column G, Line 4. Also enter the amount on Page 1, Line 2.

**Column H - Local tax.**

**Line 7 - Local tax due.** Enter the grand total from Schedule I, Column E. Also enter the amount on Page 1, Line 3.

## Schedule II Direct-to-Home Satellite Services

### Who must complete this schedule?

Direct-to-home satellite service providers must complete this schedule and send it with the tax return.

### Important Notes about Schedule II:

- This Schedule must not contain any negative numbers.
- Eligible bad debt credits may be netted on this Schedule; however, the result must not be less than zero.
- This Schedule must not be used to report other credits or adjustments. Use Schedule III to report other credits, make adjustments to prior periods, and take credit for tax paid on services that are resold.

**Note on bad debts:** Direct-to-home satellite service providers may report credits for bad debts by netting the credit directly against communications services tax due on Schedule II, or may report credits for bad debts on Schedule III. Providers using Schedule II may use a proportional allocation method based on current gross sales or other reasonable allocation method approved by the Department to determine

the amount of bad debt. The credit must be taken within 12 months after the last day of the calendar year for which the bad debt was charged off on the federal return. Regardless of the method used to report bad debt credits, providers must keep records to support all credit amounts reported.

**Column A - Taxable sales.** Enter total taxable sales of direct-to-home satellite communications services.

**Column B - Tax rate.** The direct-to-home satellite services tax rate of .1144 is preprinted.

**Column C - Net tax due.** Enter the total communications services tax collected and/or accrued for taxable sales reported on Schedule II, Column A. Also enter the amount on Page 1, Line 4.

## Schedule III Direct-to-Home Satellite Services Adjustments

### Who must complete this schedule?

Direct-to-home satellite service providers must complete this schedule to report adjustments to previous filing periods.

### Important notes about Schedule III:

- Complete a separate Schedule III for each applied period that you are adjusting.
- Make photocopies of Schedule III as needed.
- The amount of credit claimed on Schedule III cannot exceed the amount of tax reported on Schedule II. If the credit claimed is greater than the tax collected, report the additional amount on a subsequent return.

**Note on bad debts:** Providers may choose to report bad debt credits on Schedule III instead of netting them on Schedule II. The credit amount should be reported as a reduction in taxable sales in Column A. The credit must be taken within 12 months after the last day of the calendar year for which the bad debt was charged off on the federal return. Providers must keep records to support all credit amounts reported.

**Column A - Change in reported taxable sales.** Enter the net change in taxable sales. This is the total of the taxable sales which are either being added to or deleted from transactions previously reported. Report negative amounts in parentheses (*amount*).

**Column B - Rate.** Enter the appropriate rate for the applied period that you are adjusting.

**Column C - Collection allowance adjustment.** Collection allowance adjustments are required for all transactions that result in a **decrease** in taxable sales. If Column A (Change in reported taxable sales) is a decrease (negative number), multiply .0075 by the amount of tax collected and/or accrued on the amount in Column A. The result should be entered as a positive number in Column C. If a collection allowance was not taken on the original return or the adjustment results in an **increase** in taxable sales, this section does not apply. Enter 0 (zero) in Column C.

**Column D - Adjustment amount.** Subtract Column C from the amount of tax collected and/or accrued for sales transactions reported in Column A. Enter the result. Report negative amounts in parentheses (*amount*).

### Penalty and Interest Calculation

Penalty and interest are due on all adjustments which result in an increase in tax due.

**Column E - Penalty.** See "Penalty for late payments" on Page 19 for information on calculating the penalty due.

**Column F - Interest.** See "Interest on late payments" on Page 19 for information on calculating the interest due.

**Column G - Total adjustments.** Sum the totals of Columns D, E, and F. Enter the result in Column G and on Page 1, Line 10.

## Schedule IV Adjustments

### Who must complete this schedule?

Communications services providers (except direct-to-home satellite service providers) must use this schedule to:

- Report corrections or adjustments to previous reporting periods. This schedule must be used to correct state or local tax siting errors (revenue reported in the wrong jurisdiction) and to adjust amounts reported incorrectly on previous returns.
- Report adjustments in taxable sales due to credits.
- Take credit for tax paid to a vendor on services that have been resold.

### Important notes about Schedule IV:

- Complete a separate Schedule IV for each applied period that you are adjusting.
- Make photocopies of Schedule IV as needed.
- The amount of credit claimed on Schedule IV cannot exceed the amount of tax reported on Schedule I. If the credit claimed is greater than the tax collected, report the additional amount on a subsequent return.

**Note on bad debts:** Providers may choose to report bad debt credits on Schedule IV instead of netting them on Schedule I. The credit amount should be reported as a reduction in taxable sales in Column B. The credit must be taken within 12 months after the last day of the calendar year for which the bad debt was charged off on the federal return. Providers must keep records to support all credit amounts reported.

**Column A - Local jurisdiction.** Enter the names of the jurisdiction(s) for which you have adjustments. Attach additional sheets as needed.

### State Tax Calculation

**Column B - Change in reported taxable sales.** Enter the net change in taxable sales on the line corresponding to the appropriate county jurisdiction(s). The net change in taxable sales may include a reduction for eligible bad debts. Report negative amounts in parentheses (*amount*).

**Column C - Rate.** Enter the appropriate rate for the applied period you are adjusting. For periods July 2015 and later, the state rate is 5.07 percent, which is a combination of the 4.92 percent state portion and the .15 percent gross receipts portion.

**Column D - Collection allowance adjustment.** Collection allowance adjustments for state tax are required for transactions that result in a **decrease** in taxable sales for a prior applied period. If the original filing was not eligible for a collection allowance, or if this schedule is being used to report an **increase** in taxable sales for a prior applied period or

a change in jurisdiction only (no change in taxable sales), this section does not apply. Enter 0 (zero) in Column D.

If Column B (change in reported taxable sales) is a **decrease** (negative number), the collection allowance must be recouped by one of the following methods. The result should be entered as a positive number in Column D.

- If you are using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0075 by the tax collected and/or accrued for sales being decreased in Column B.
- If you are **not** using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0025 by the tax collected and/or accrued for sales being decreased in Column B.

**Column E - Adjustment amount.** Subtract Column D from the tax collected and/or accrued for the sales reported in Column B, and enter the result.

### Local Tax Calculation

**Column F - Change in reported taxable sales.** Enter the net change in taxable sales for the appropriate jurisdiction(s). The net change in taxable sales may include a reduction for eligible debts. Report negative amounts in parentheses (amount).

When changes in taxable sales are due to situsing or reporting errors and tax has not been refunded to the customer, use the following calculations to determine the change in taxable sales.

**If you are using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S.,** adjustments to taxable sales should be made by reallocating the original local tax due amount reported in the wrong jurisdiction to the correct jurisdiction. The tax should be reallocated regardless of the tax rate originally used or the tax rate of the correct jurisdiction. Taxable sales amounts should be calculated by dividing the tax amount by the tax rate for each affected jurisdiction.

**Example 1:** \$1,113.09 in local tax due was originally reported in Jurisdiction A (tax rate 1.10 percent), but should have been reported in Jurisdiction B (tax rate 2.10 percent). Calculate the change (decrease) in taxable sales for Jurisdiction A by dividing the tax due originally reported in Jurisdiction A by its current tax rate. (EX: \$1,113.09 divided by .0110 = \$101,190.00). Report the decrease in parentheses. Calculate the change (increase) in taxable sales to Jurisdiction B by dividing the tax due originally reported in Jurisdiction A by the current tax rate for Jurisdiction B. (EX: \$1,113.09 divided by .0210 = \$53,004.29).

**Example 2:** \$1,113.09 in local tax due was originally reported in Jurisdiction B (tax rate 2.10 percent), but should have been reported in Jurisdiction A (tax rate 1.10 percent). Calculate the change (decrease) in taxable sales for Jurisdiction B by dividing the tax due originally reported in Jurisdiction B by its current tax rate. (EX: \$1,113.09 divided by .0210 = \$53,004.29). Report the decrease in parentheses. Calculate the change (increase) in taxable sales to Jurisdiction A by dividing the tax due originally reported in Jurisdiction B by the current tax rate for Jurisdiction A. (EX: \$1,113.09 divided by .0110 = \$101,190.00).

**If you are using a database that does not meet the requirements of s. 202.22, F.S.,** you should identify the taxable sales and local tax due amounts to be reallocated, the tax rates for the jurisdictions where

the tax was originally reported (incorrect jurisdiction), and where the tax should be reported (correct jurisdiction).

If the correct jurisdiction has a higher tax rate, the original taxable sales amount will be used to claim a credit in the incorrect jurisdiction. This same taxable sales amount will be used in the correct jurisdiction to calculate tax due. When multiplied by the tax rates, a higher local tax due amount in the correct jurisdiction will result. Note that additional local tax resulting from the transfer to a jurisdiction with a higher tax rate will be due, along with penalty and interest. See "Penalty and Interest Calculation."

**Example 3:** \$101,190.00 in taxable sales was originally reported in Jurisdiction A (tax rate 1.10 percent) but should have been reported in Jurisdiction B (tax rate 2.10 percent). Report the change (decrease) in taxable sales (\$101,190.00) in Jurisdiction A and the tax rate (1.10 percent) in the appropriate columns. Report the decrease in parentheses. Report the change (increase) in taxable sales (\$101,190.00) in Jurisdiction B and the tax rate (2.10 percent) in the appropriate columns. The additional tax will be due, along with penalty and interest.

If the rate of the correct jurisdiction is the same as or lower than the original (incorrect) jurisdiction, the tax due amount reported should be used to claim a credit in the original (incorrect) jurisdiction and this same tax due amount reported in the correct jurisdiction. Taxable sales amounts should be calculated by dividing the tax amount by the tax rate for each affected jurisdiction. When tax is transferred to a jurisdiction with a lower rate, calculated taxable sales will not match actual sales to customers but will provide the information needed to correct the allocation of tax reported.

**Example 4:** \$1,113.09 in local tax due was originally reported in Jurisdiction B (tax rate 2.10 percent), but should have been reported in Jurisdiction A (tax rate 1.10 percent). Calculate the change (decrease) in taxable sales for Jurisdiction B by dividing the tax due originally reported in Jurisdiction B by its current tax rate. (EX: \$1,113.09 divided by .0210 = \$53,004.29). Report the decrease in parentheses. Calculate the change (increase) in taxable sales to Jurisdiction A by dividing the tax due originally reported in Jurisdiction B by the current tax rate for Jurisdiction A. (EX: \$1,113.09 divided by .0110 = \$101,190.00).

**Column G - Rate.** Enter the appropriate local rate for the applied period you are adjusting.

**Column H - Collection allowance adjustment.** Collection allowance adjustments are required for all transfers of tax between jurisdictions and any transactions that result in a **decrease** in taxable sales for a prior applied period. If the original filing was not eligible for a collection allowance or if this schedule is being used to report only an **increase** in taxable sales for a prior applied period, this section does not apply. Enter 0 (zero) in Column H.

When a jurisdictional transfer results in a transfer to a jurisdiction with the same or higher tax rate, the collection allowance adjustment must be capped at the amount claimed on the original return (i.e., no additional collection allowance will be granted on additional tax due as a result of the transfer).

If Column F (Change in reported taxable sales) is a **decrease** (negative number), the collection allowance must be recouped by one of the following methods. The result should be entered as a positive number in Column H.

- If you are using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0075

by the tax collected and/or accrued for sales being decreased in Column F.

- If you are **not** using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0025 by the tax collected and/or accrued for sales being decreased in Column F.

**Column I - Adjustment amount.** Subtract Column H from the tax collected and/or accrued for the sales reported in Column F, and enter the result. Report negative amounts in parentheses (*amount*).

### Penalty and Interest Calculation

Penalty and interest are due on all adjustments which result in additional tax due, except corrections of state or local tax siting errors (revenue reported in the wrong jurisdiction). If you are using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., you will be held harmless for tax, penalty, and interest that would have accrued otherwise as a result of the additional tax due on transfers between jurisdictions. If you do not use a database as specified in the previous sentence you will not be held harmless and the additional tax due from the transfer to the jurisdiction with the higher tax rate will be due, along with penalty and interest.

**Column J - Penalty.** See "Penalty for late payments" on Page 19 for information on calculating the penalty due.

**Column K - Interest.** See "Interest on late payments" on Page 19 for information on calculating the interest due.

### Gross Receipts Calculation

**Column L - Change in reported taxable sales.** Enter the net change in taxable sales. The net change in taxable sales may include a reduction for eligible bad debts. Report negative amounts in parentheses (*amount*).

**Column M - Rate.** Enter the 2.37 percent gross receipts rate.

**Column N - Collection allowance adjustment.** Collection allowance adjustments are required for all transactions that result in a decrease in taxable sales. If the original filing was not eligible for a collection allowance or if this schedule is being used to report only an increase in taxable sales for a prior applied period, this section does not apply. Enter 0 (zero) in Column N.

If Column F (change in reported taxable sales), is a **decrease** (negative number), the collection allowance must be recouped by one of the following methods. The result should be entered as a positive number in Column N.

- If you are using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0075 by the tax collected and/or accrued for sales being decreased in Column F.
- If you are **not** using the DOR database, a database certified by DOR, or a ZIP+4 database in compliance with s. 202.22, F.S., multiply .0025 by the tax collected and/or accrued for sales being decreased in Column F.

**Column O - Adjustment amount.** Subtract Column N from the tax accrued on the transactions reported in Column L and enter the result. Report negative amounts in parentheses (*amount*).

**Column P - Penalty.** See "Penalty for late payments" on Page 19 for information on calculating the penalty due.

**Column Q - Interest.** See "Interest on late payments" on Page 19 for information on calculating the interest due.

**Column R - Net tax adjustments.** Add the totals of Columns E, I, and O and enter the result. Report negative amounts in parentheses (*amount*).

**Column S - Penalty.** Add the totals of Columns J and P and enter the result.

**Column T - Interest.** Add the totals of Columns K and Q and enter the result.

**Column U - Total adjustments.** Add Columns R, S, and T and enter the result in Column U and on Page 1, Line 10 of the return. Report negative amounts in parentheses (*amount*).

## Schedule V Multistate Credits
